Total body fitness system Built for every body.

Train to be the best you can be. That's the principle behind ENERGI, the total body, outdoor fitness system designed to make personal fitness a priority in your school and community.

ENERGI combines functional fitness and body-weight training to deliver a synergistic workout that connects all five of the body's major anatomical systems and exercises nearly all of its 206 bones and 600 muscles.

Rather than isolating the muscles to work them independently, ENERGI uses multi-joint, multi-plane muscle movements, an integrated approach that better prepares the body for the demands of real life.

Total Body Strength

Users apply their own body weight as resistance, to build total body strength, flexibility, and balance.

Functional Fitness

All exercises emulate natural movement patterns (like squatting, bending, and pulling) for greater ease with real-life tasks, sports, and recreation.

Online Instructional Videos

Easy-to-understand signs instruct users on proper form, and with the addition of free online videos, it's like having your own personal trainer by your side (see pages 8 and 13 for details).

Studies show that fitness improves academic scores in adolescences. In his book, Dr. John Ratey explains how students in Naperville, IL scored first in the world in math and science by focusing on fitness in their school's curriculum*.

*TIMSS test as noted in 'Spark, The Revolutionary New Science of Exercise and the Brain' by Dr. John Ratey.

For over 200 ENERGI videos, visit
[Youtube.com/user/ENERGIFitness](https://www.youtube.com/user/ENERGIFitness)

ENERGI was developed in partnership with fitness expert Michelle Simons, a Certified Strength and Conditioning Specialist (CSCS).

- Ages 13 and up
- 5 stations
- 120 exercises
- Accommodates up to 14 users at once

ENERGI® Complete 5-Station System

ENERGI-PR-500-SM

- Features all 5 stations and the welcome sign

1315 lbs (597 kg)

- 5 stations with easy-to-understand instructional signs
- Each sign features exercises you can view online - it's like having your own free mobile personal trainer!
- 120 exercises provide enough activity for a workout regimen of up to 60 minutes a day, 3 days a week
- 3 levels of intensity – beginner, intermediate, advanced – allow users to work out at their comfort level and progress as their fitness improves

“ ENERGI gave me a structured program with realistic, attainable goals. My clothes fit better, my arms have better definition. I would tell a friend: Just try it, you'll love it. ”

Laura, ENERGI user

A.

A. Station 1

ZZXX0089S

- Features 24 stretching exercises that are a perfect beginning and ending to any exercise routine
- Gray platform has a textured, non-slip surface with colored targets for a safer, more dynamic exercise

 390 lbs (177 kg)

B.

B. Station 2

ZZXX0090S

- Features 24 exercises including the pull-up, chin-up, hurdle dip, and hurdle jump

 303 lbs (138 kg)

C.

C. Station 3

ZZXX0091S

- Features 24 exercises including the squat, single-leg squat, V-sit, triceps dip, balance beam, and push-up
- Balance bar has a gray, textured, non-slip surface for safety

 228 lbs (104 kg)

D. Station 4

ZZXX0092S

- Features 24 exercises including the step-up, lateral step-up, V-step, and A-step
- Platforms have a gray, textured, non-slip surface for safety

 172 lbs (78 kg)

E. Station 5

ZZXX0093S

- Features 24 exercises including the lunge, plank, sit-up, and reverse curl
- Balance disc features only three simple parts for added durability, and a gray, textured, non-slip surface for safety

 180 lbs (82 kg)

F. Welcome Sign

ZZXX0117S

- Welcomes new users to ENERGI and features Fit Tips for all levels
- Available, for an additional fee, as a two-sided custom sign, with your own message and design on the second side. Ideal for promoting your facility or thanking a sponsor!

 41 lbs (19 kg)

For users to receive the most health benefits, we recommended purchasing all stations. Item numbers and pricing shown are for surface-mount stations. In-ground mount versions available upon request.

The “Anatomy” of an ENERGI Prime Instructional Sign

Sign Features:

1. Exercises are color-coded into three day segments - first, second, and third days.
2. All 120 exercises are featured on [Youtube.com/user/ENERGIFitness](https://www.youtube.com/user/ENERGIFitness), where you can view a brief video on proper form and function.
3. Exercises are divided into three skill levels - beginner, intermediate, and advanced.
4. The target muscle group is shown for each exercise.
5. Each exercise shows the number of repetitions.
6. Exercises are clearly illustrated to avoid incorrect usage.
7. ENERGI Prime is designed for ages 13 and up.

ENERGI
TOTAL BODY FITNESS SYSTEM

TERMS OF SALE • PRICES: Prices are subject to change without notice. Unless otherwise stated in writing, all prices are F.O.B. Lewisburg, PA, USA, and shall be exclusive of installation, surfacing, transportation, insurance, taxes, license fees, customs fees, duties, premiums, fees, and other charges. **DESIGN:** Playworld Systems, Inc. continually improves play equipment to better serve our customers and therefore reserves the right to change the design specifications without notice.

Proven Total Body Results

A five-week study tracked participants' progress as they trained on ENERGI three days a week. On average, the participants saw a:

- 35% increase in upper body strength
- 34.7% increase in abdominal strength
- 34.5% increase in leg strength
- 6% increase in sprinting speed
- 1 inch increase in flexibility
- 2.9 beats/minute decrease in resting heart rate

“ENERGI is new and different than other workout routines I've tried, since it's outdoors, where I would spend my spare time anyway.”

– Sandy

“ENERGI comes with free detailed lesson plans, specifically designed for school PE class, and will be a great addition to your curriculum.”

– Nicholas Slotterback

“I saw a great improvement in fitness using ENERGI. People say I look different and ask me how long I have been working out. There were no gym rats to intimidate me, no fluorescent lights and stale air. And the best part is my wife and I could do the exercises together.”

– Joe

Total body fitness system Built for every body.

Train to be the best you can be. That's the principle behind ENERGI, the total body, outdoor fitness system designed to make personal fitness a priority in your school and community.

ENERGI combines functional fitness and body-weight training to deliver a synergistic workout that connects all five of the body's major anatomical systems and exercises nearly all of its 206 bones and 600 muscles.

Rather than isolating the muscles to work them independently, ENERGI uses multi-joint, multi-plane muscle movements, an integrated approach that better prepares the body for the demands of real life.

Total Body Strength

Users apply their own body weight as resistance, to build total body strength, flexibility, and balance.

Functional Fitness

All exercises emulate natural movement patterns (like squatting, bending, and pulling) for greater ease with real-life tasks, sports, and recreation.

Online Instructional Videos

Easy-to-understand signs instruct users on proper form, and with the addition of free online videos, it's like having your own personal trainer by your side (see pages 8 and 13 for details).

Studies show that fitness improves academic scores in adolescences. In his book, Dr. John Ratey explains how students in Naperville, IL scored first in the world in math and science by focusing on fitness in their school's curriculum*. Contact us today, to find out how to incorporate fitness into your school's curriculum with ENERGI.

*TIMSS test as noted in 'Spark, The Revolutionary New Science of Exercise and the Brain' by Dr. John Ratey.

Mind-body Connection

Repetition of movement builds a mind-body connection that makes users quicker and more responsive in daily life.

Free Programming

Includes lesson plans for middle or high schools, and advanced athletic and boot camp programs (see pages 4 & 10 for details).

Low Maintenance

No special surfacing is required and no mechanical systems to maintain. ENERGI is a long term, low-cost solution, perfect for public or private spaces.

ENERGI was developed in partnership with fitness expert Michelle Simons, a Certified Strength and Conditioning Specialist (CSCS).

Available in two complete systems:

- Ages 9-14
- 7 stations
- 84 exercises
- Accomodates up to 28 users at once
- See pages 3-8

- Ages 13 and up
- 5 stations
- 120 exercises
- Accomodates up to 14 users at once
- See pages 9-13

ENERGI™ Jr. Complete 7-Station System

ENERGI-JR-700-SM

- Features all 7 stations and the welcome sign
- Concrete pad size: 56' x 39' (17,07m x 11,89m)

 1169 lbs (531 kg)

“The instructions on the panels made it easy to switch up the routine. Each day I spend on ENERGI is different, which makes it interesting.”

Megan, ENERGI user

ENERGI Jr. is ergonomically designed for pre-teens and teenagers, ages 9-14. It was specifically created for middle school PE classes, with free programming to hold up to 28 kids.

- 7 stations with easy-to-understand instructional signs with online instructional videos online at Playworld.com/ENERGI
- Exercises naturally progress from beginner to advanced
- 84 exercises provide enough activity for a workout regimen of up to 45 minutes a day, multiple days per week
- Users can work out at their comfort level and progress as their fitness improves

FREE PROGRAMMING GUIDE

Developed with fitness curriculum specialist Nicholas Slotterback, and fitness expert and ENERGI co-creator Michelle Simons, the ENERGI Jr. Programming Guide features:

- Detailed lesson plans for middle schools
- Athletic program for coaches
- Instructional videos for all 84 exercises
- Activity log to track user progress
- Supportive materials

It's yours FREE with every ENERGI Jr. purchase. See samples at Playworld.com/ENERGI.

A.

A. Station 1 - Static & Dynamic Stretches

ZZXX0447S

- Features 12 stretching exercises that are the perfect beginning and ending to your ENERGI Jr. exercise routine
- Concrete pad size: 10' x 11' (3,05m x 3,36m)

 50 lbs (23 kg)

B.

B. Station 2 - Parallel Bars, Stabilizing & Balance Disc Exercises

ZZXX0449S

- Features 12 exercises including horizontal chin-ups & pull-ups, squats, plank walk, and multiple balance movements
- Balance disc has a gray textured, non-slip surface for safety
- Alternate version replaces balance disc with balance beam

 189 lbs (86 kg)

C.

C. Station 3 - Agility, Fast Feet, & Sit-Up Exercises

ZZXX0450S

- Features 12 exercises including jumping jacks, lateral movements, leg lifts, and various forms of sit-ups
- Platform has a gray textured, non-slip surface for safety
- Concrete pad size: 17' x 14' (5,19m x 4,27m)

 229 lbs (104 kg)

All ENERGI Jr. stations can be IPEMA certified with the correct safety surfacing, except Station 2. We offer an IPEMA certified version of Station 2, where the balance disc is replaced with a balance beam. For more information, please contact your local, authorized Playworld representative.

D. Station 4 - Jumps & Angle Bar Exercises

ZZXX0451S

- Features 12 exercises including travel push-up, step overs, and various forms of jumping exercises
- Platform has a gray textured, non-slip surface for safety
- Concrete pad size: 11' x 20' (3,36m x 6,10m)

 131 lbs (60 kg)

E. Station 5 - Directional Movement & Seat Exercises
